

FROME FAMILY

Unsung Hero.

PRODUCT DESCRIPTION

MOUNTING	RECESSED
LIGHT SOURCE	LED
LIGHT DISTRIBUTION	DIRECT
MATERIALS	ALUMINIUM
OPTIC	CLEAR

The FROME is a recessed architectural LED downlight with a timeless look. A white bezel with black gimbal provides that sleek 'shadow-gap' aesthetic that has proved itself to withstand the test of time. Fully adjustable, this luminaire is available in modules of one, two or three independent gimbals, making it an incredibly versatile luminaire for most commercial applications.

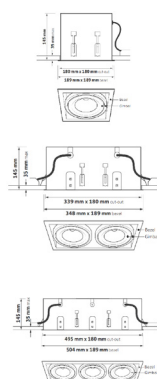

Whether you are after a minimalist feature, or seamless integration – Frome can do both. Choose between the black darklight bezel and baffle for a low glare solution that makes a statement, or white bezel and baffle for a more seamless integration into your ceiling.
