SLIM RING SHAPED FEATURE LIGHTING

## PRODUCT DESCRIPTION

<b>MOUNTING</b>	SUSPENDED
<b>LIGHT SOURCE</b>	LED
<b>LIGHT DISTRIBUTION</b>	DIRECT- INDIRECT
<b>MATERIALS</b>	ALUMINIUM
<b>OPTICS</b>	OPAL

Opulent yet sober at the same time, the OUSE defines the term of new contemporary decadence. Diffusing smooth light, this slim ring-shaped luminaire will create a strong focus point in modern architecture and workplace without a compromise on aesthetics.

Thanks to its uniquely designed infinity diffuser, the OUSE is a perfect ring of illumination. The flawless clean look is achieved from any angle, gracefully radiating diffuse light throughout a space. The minimalist suspension kit gives the OUSE the ability to defy gravity allowing you to appreciate this architectural feature pendant from any angle, be it on the ground floor or the 10th. If you decide to take things even further, hide the remote driver and the ceiling rose behind the plasterboard and create the perfect illusion of minimalist halo ring. With no exposed elements, the OUSE looks perfect from any angle, making it a popular choice for atriums and large staircases with viewing galleries.

The innovative engineering inside the luminaire facilitates a profile of only 106mm deep, with chamfered edges to emphasize a thin, floating ring of light.
